INTRODUCTION

As the national governing body for Welsh Rugby, the WRU has a wide leadership, governance and on occasion, enforcement role, which ensures that rugby in Wales is able to flourish, through the provision of safe, inclusive environments that prioritise individual rights and dignity, and address inappropriate activity.

The rules and regulations enable the Welsh Rugby Union to inform, educate and govern the game in Wales to support players, coaches, referees and administrators to have a lifelong enriching experience within rugby.

PATHWAY LAWS

The Welsh Rugby Union has positively changed the way rugby is played at mini and junior levels in order to help develop more athletic, skillful and attacking rugby players.

The Pathway offers a progressive way of introducing the game to young players and developing coaches. It also aims to deliver a game that is fun to play, enjoyable, stimulating to coach and promotes open running rugby.

Running with the ball, passing and having the ability to beat an opponent are the Welsh way. In order for the WRU to promote and develop these skills, the pathway has been adopted for young players in Wales.

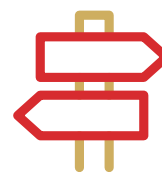

Contesting the ball is introduced in a controlled rationale at the age of ten with the aim to help players to gain confidence in this aspect of the game. With these skills being developed progressively at each age group, it is the WRU's belief that young players will be encouraged to stay within rugby and enjoy the benefits of the game.

The WRU Rugby Pathway also includes information and guidance for coaches to introduce and develop skills both safely and effectively. The nature of the WRU Rugby Pathway will, it is hoped, assist coaches across Wales to deliver the skills of the game in a progressive and developmental manner.

'Please note that in the girls pathway, players play in a 2 year band. Players are unable to play up or down an age band'

The pathway laws for all Mini and junior ages in Wales can be found via the link below:

PLAYER ONLINE REGISTRATION

Online Registration is a process that each player, coach, referee, team manager and first aider in Wales, across all age groups are required to undertake prior to the beginning of each new season.

Each year, every player in Wales (parent or guardian of the player if the player is under 18) will access the WRU Player Registration website www.wrugamelocker.wales and submit their Online Registration for the forthcoming season.

Any players returning to their Club/Girls Hub the following season must complete the registration process prior to the season commencing in September. Any new player must complete the registration process prior to taking part in any activity.

Online Registration will ensure that each year the WRU and Clubs/Girls Hubs will have accurate, real-time data on all active and inactive players throughout Wales. It will allow Clubs/Girls Hubs to generate team sheets more efficiently, auto populate sections of the audit and allow the WRU to support and develop all active and inactive players.

REGISTRATION OF MINI AND JUNIOR PLAYERS (U7 – U16)

For a player to be eligible to play for a Mini or Junior team of a Club /Girls Hub, that player must be registered by a parent/guardian on the WRU Game Locker.

Each player must annually register. It is the clubs responsibility to verify all registrations annually.

Players are able to be registered during any point of the season but must be a minimum of 6 years of age.

In the case of a dispute about the registration of Mini and Junior players, the appropriate WRU Rugby Officer has the power to deal with such a dispute in line with the WRU Competitions Management Committee and in accordance with the WRU Regulation in place at the time.

Players will remain registered with a Club/Girls Hub until:

- | | |
|--------------------------------------|--|
| • They transfer to another Club. | • They are determined to be free agents. |
| • They are deregistered by the Club. | • They become a free agent. |

A free agent is a player who has not played for a Club/Girls Hub for at least 4 months (applicable between the period of August 1st and May 31st) and can provide via confirmation from the Club/Girls Hub with whom the player is currently registered with.

Once they have received confirmation from the WRU that they are a free agent, that player may register with another Club/Girls Hub and will not be counted as a transfer into that Club/Girls Hub in the current season.

The Four-month period starts from the last time a registered player has played for the Cub/Girls Hub and does not include out of season (1st June to 31st July).

There is no obligation on Clubs/Girls Hubs to deregister players when requested and it is the decision of the player to then stand down for the four month period to enable them to become a free agent

A girl player can play in the mixed and girls only pathway within the same season and is eligible to hold a dual registration up to U11s. The player will be required to follow the pathway rules for the club or hub they are representing at that time.

DEREGISTERING PLAYERS AND DISBANDING TEAMS

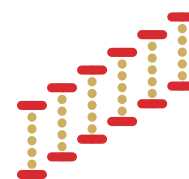

If a player is no longer available to play for a Club/Girls Hub (they decide to stop playing) it is a requirement that the Club/Girls Hub de-registers the player.

To de-register a player the Club/Girls Hub should notify the relevant Rugby Officer for the Region.

If a Club/Girls Hub requires to disband a team at any age group the Club/Girls Hub must advise the WRU Regional Rugby officer immediately. At that time the registration of the players in the disbanded team will be the responsibility of the WRU. The Club/Girls Hub folding the team will not be permitted to run the age group in the following season.

AGE BANDING

It is essential that players participate within their age band in the mixed and boys pathway aligned to academic school years.

As a player progresses through the pathway opportunities may arise to be played up to a year, this decision is in conjunction with professional academy staff and the WRU.

Players are not permitted to play up a year group from U8s to U9s (Tag rugby to contact rugby) in any circumstance.

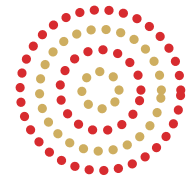

Players are not permitted to play down an age group in any circumstance within the boys, mixed or girls pathway.

Players within the girls pathway are able to play within the allocated two-year age

- U9s & U10s (School Year 4 and Year 5)
- U11s & U12s (School Year 6 and Year 7)
- U13s & U14s (School Year 8 and Year 9)
- U15s & U16s (School year 10 and Year 11)

No extenuating circumstances can be granted to play outside of these age bandings or for players to play down an age band

SQUAD SIZES AND EXTENSIONS

The recommended squad size is 25 players.

Once an age group reaches 25 registered players, they cannot accept any transfers into the team, an additional 5 players can be added to a squad as long as they are new players to the game. (taking your squad to a maximum of 30)

Clubs/Girls Hubs may register up to 30 players in each age group at Mini & Junior Level and would require applying for squad extension to exceed this limit. This is to be sought from the respective Regional Rugby Officer.

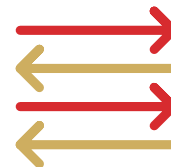

For a Club/Girls girls hub to make an application to register more than 30 players in an age group they must provide the following information to a WRU Rugby officer for consideration:

<ul style="list-style-type: none"> • Rationale outlining the reasoning for a squad extension 	<ul style="list-style-type: none"> • Outline of playing opportunities for additional players including the management of adequate game time (Half a game)

<ul style="list-style-type: none"> • Outline of Facility and resource support for additional players (Training and playing) 	<ul style="list-style-type: none"> • De-registration of inactive players has been carried out

Squad extensions will not be granted to accommodate the transfer of current Club/Girls hub registered players into the club.
