- (iii) In the event that a Club fails to complete its League programme or is felt during the season that there is no possibility that they will be able to complete their respective League programme, the Competitions Management Committee shall have the discretion to deal with that Club, as well as any consequential changes to the National League, as it deems appropriate. Such discretion shall include, but is not limited to, relegating the Club concerned to the lowest Division and promoting such other Club(s) as it deems appropriate in the circumstances.

5.6 Dual Registration scheme

Dual Registrations are no longer permitted for any club within the National League structure.

University students will be allowed to dual register with a club in the UK and Ireland whilst also being able to play for their registered club in Wales under a Home Nations Student Pass. Once approved by both clubs and Union, it will mean that international clearance is not required for the player for either team throughout the season.

5.7 Replacements

In the Community Premier Division up to eight replacements may be named for any National League match provided that, of the 23 named players and replacements, there must be six suitably trained and experienced players who can play in the front row to ensure that on the first occasion that a replacement hooker is required and on the first occasion that a replacement tight-head prop forward and on the first occasion that a replacement loose-head prop is required, the team can continue to play safely with contested scrums.

In the Championship East and West, Divisions 1 to 6 and Division 1 to 3 North East and North West up to five replacements may be named for any National League match. **It is recommended that there are five suitably trained and experienced players who can play in the front row.** It is recommended that it will include Two Hookers and three (3) prop forwards. The replacement prop should be either a Tight Head or Loose Head or a player capable of

playing on both Heads. This will ensure that on the first occasion that a replacement hooker is required the game can continue safely with contested scrums. If a Tight Head were to be required and a team only has a Loose Head as a Front Row replacement and he is not trained or able to play in that position, then the referee will order uncontested scrums. Similarly, if a Loose Head were to be required and a team only had a Tight Head named as a Front Row replacement and he is not trained or able to play in that position then again uncontested scrums will be ordered by the referee.

If they are available, a team must have three (3) front row players in the front row at all times in an uncontested scrum, only when there is no available front row replacement or substitute is any other player permitted to play in the front row Law 3.15 applies

A Club may play without any named replacements. If a Club names 12 players only there is no need to name more than three suitably trained and experienced front row players.

Apart from the Community Premier Division, teams can name up to five (5) replacements despite not having five front row players within a matchday squad of 20. Therefore, should teams only have three front row players within their matchday squad and are able to start with contested scrums, they would still be entitled to have five (5) replacements.

However, should a team not be able to start a game with contested scrums then they would be required to start with 14 players but still be entitled to name up to five (5) replacements.

In competitions which allow squads of 23, a player whose departure has caused the referee to order uncontested scrums cannot be replaced, even if a team decided to start the game with less than a 23-man squad.

For the Community Premier Division only. As provided above, when 23 players are nominated in a team there must be six players who can play in the front row to ensure that on the first occasion that a replacement hooker is required and on the first occasion that a replacement tight-head prop forward and on the first occasion that a replacement loose-head prop is required, the team can continue to play safely with contested scrums.

Where uncontested scrums are ordered as a result of there being no suitably trained and experienced front row players for any reason, the team concerned shall not be entitled to replace the player whose departure caused the uncontested scrums. Law 3.16 applies.

If a front row player is issued with a red or yellow card and as a result, uncontested scrums are requested, then there is no need to further reduce the playing numbers.

- Should a team be unable to field a front row at the start of a match, the match will begin with uncontested scrums. In such a scenario, the offending team will have to start the match with 14 players (it is the decision of the offending club which player they choose to remove, save that each team will be required to have 8 players in each uncontested scrum). The offending club will be entitled to the maximum number of replacements available.
- Should a fixture start with contested scrums but, during the course of the match, a front row forward is unable to continue (the "Injured Forward"):
 - a) Where there is a front row forward replacement on the bench, the Injured Forward shall be replaced by the front row forward replacement. In such a scenario, the offending team may elect to move to uncontested scrums. However, should the offending team elect to do so, they must remove another player of their choice from their team (i.e., they will continue the match with 14

players). Each team will be required to have 8 players in each uncontested scrum.

- b) If a team starts a fixture with contested scrummaging but has to go to uncontested scrummaging they will still be allowed to use the named replacements for the remainder of the match but continue with 14 players.
- c) Where there is no front row forward replacement on the bench, the Injured Forward shall be removed but not replaced. In such a scenario, the match will proceed with uncontested scrums. Each team will be required to have 8 players in each uncontested scrum.
- d) If a team is notified by their opponents prior to a scheduled fixture that scrums will be going uncontested, then the team not electing to begin uncontested will be recommended to name five front row forwards in order to name a squad of 20 in line with National League Regulations.

NB: In uncontested scrums there must always be 8 players in the scrum and the No.8 from either side cannot pick up.

CHANGES ARE ALSO IN ACCORDANCE WITH REGULATION 5.7 OF THE NATIONAL LEAGUE RULES

The replacement of a front row forward must come from suitably trained and experienced players who started the match or from the nominated replacements.

If after a front row player has been sent off or during the time a front row player is temporarily suspended, and there are no further front row players available from the nominated team, then uncontested scrums will be ordered and the team electing to go uncontested will be unable to replace the offending player. It is not the responsibility of the match official to determine the suitability of trained front row replacements nor their availability, as this is a team responsibility.

To avoid confusion and to make everyone aware of the rules relating to the number of substitutes that can be used, please see the following examples, relating to World Rugby Law 3 (Number of Players) and these National League Rules.

- (a) If Team A has only fifteen players (or less) available and it has three suitably trained front row forwards, then the match will start with contested scrums. Team A will also be entitled to up to five replacements.
- (b) If Team A has fifteen players (or less) and does not have three suitably trained players to play in the front row, then the match will start with uncontested scrums. Team A will begin with only 14 players but will be entitled to have five replacements (providing they have 19 available players for selection at the start of the match).
- (c) If Team A has only three suitably trained front row forwards and Team B has four suitably trained front row forwards, then the match will start with contested scrums. Both Team A and Team B will be entitled to up to five replacements.
- (d) If Team A has less than three suitably trained front row forwards and Team B has five suitably trained front row forwards, either on the field or as replacements, then Team A will begin with only 14 players but will be entitled to five replacements (providing they have 19 available players for selection at the start of the match) and Team B will also be entitled to the full complement of replacements (providing they have 20 available players for selection at the start of the match.) The match will start with uncontested scrums.

All suitably trained front row players must be highlighted on the official team sheet prior to the match.

If a match goes to uncontested scrums the relevant details are to be forwarded by the Match Official to the Union's Fixture Manager (see Rule 8b below).

In relation to uncontested scrums, the Number 8 from both teams are not allowed to pick up from the base of the scrum

AT ALL TIMES SAFETY IS PARAMOUNT.

5.8 Rolling Substitutions

Teams will be permitted to use rolling substitutions from the Community Premier Division and below with the following provisions in place

In a match where consent has been given prior to the Season and subject to Regulations each team shall be permitted to use rolling substitutions of not more than the maximum number of the Player interchanges ("Player Interchanges") set out in the table below:

Number of Replacements - Player Interchanges

Up to 3	8
4	9
5	10
6 or more	12

- After the Player Interchanges have been made no other replacements, substitutions or Player Interchanges will be permitted for any reason (including temporary or permanent injuries, sending offs and suspensions) and in the event that a Player is injured, sent off or suspended from the field the team will play with one less Player and with uncontested scrums in the event that this involves a front row Player and the game cannot continue safely with contested scrums.

If a team opts to go to uncontested scrums, they will not later be allowed to return to contested scrummaging.

- For the avoidance of doubt, Player Interchanges replace the "blood bin" which means that if a Player has uncontrolled active bleeding and thus has to leave the field, this will not be classified as a Player Interchange if another Player replaces that Player. If a team has used all of its Player Interchanges, that Player may be replaced and the team shall continue. The Player is permitted to return once the wound has been treated and the bleeding stopped.
- Not more than three Player Interchanges per team may occur at any one time and may only occur during a stoppage in play and in all cases with the permission of the Referee.

- A Player must enter the field of play on the halfway line.
- A Player who is a replacement shall not be entitled to take a kick at goal until a passage of play has taken place since that Player took to the field of play.
- A Player who is previously injured in the match shall not return to play as a Player Interchange.
- In addition to the powers set out in the Laws of the Game, Referees are entitled in their sole opinion to prohibit or postpone a Player Interchange if they believe either that the Player Interchange would prevent the opposition from restarting the game quickly or where the replacement Player is not fit to continue playing in the match.
- Any player leaving the field of play with suspected concussion is not allowed to return to the field of play.
- Under dispensation provided to Unions by World Rugby, where these rolling substitutions Regulations conflict with the Laws of the Game these Regulations shall take precedence.

6. Entry Conditions

All Clubs participating in the National League shall comply with:

- a. these National League Rules;
- b. the Union's Memorandum of Association and the Articles;
- c. the Regulations and Resolutions of the Board of Directors of the Union;
- d. the World Rugby Bye Laws, Resolutions and Regulations relating to the Game, and
- e. the Laws of the Game.

7. Responsibility for Organisation

All matches in every Division of the National League will be under the control of the Union. The Competitions Management Committee will deal with all matters relating to every Division of the National League.

8. General Rules (refer to attached Guidance Document)

All National League matches must be played and each Club must complete its National League programme. In the event that a National League match is not played the matter will be reported to the Competitions Management Committee who will establish why the match was not played. Where a match does not take place, it is the responsibility of the Honorary Secretary or Fixture Secretary of each Club to notify the Union, in writing, within 24 hours of the reason(s) for the postponement (with supporting evidence if necessary). It is also the responsibility of the home side to make every effort to notify the appointed match official of the game not taking place. If the Competitions Management Committee is not satisfied with the explanation of the Club concerned it will apply a 2-point deduction. Other sanctions available to the Competitions Management Committee include (but are not limited to) the

deduction of League points, the imposition of a fine, expunging the Club's League points total and/or expulsion from the National League.

a. **Passive scrums**

i) **For all divisions other than the Community Premier Division**

No match may be postponed because of the lack of suitably trained/experienced front row forwards. The match must be played on the due date with uncontested scrums. If prior to any match a Club becomes aware that it will be unable to field for that match a sufficient number of suitably trained/experienced front row forwards it shall, as soon as reasonably practicable, notify the opposing club and match officials that it will elect to take uncontested scrums during the match. Following the match, the Competitions Management Committee may consider the conduct of the Club and the reason for uncontested scrums and whether any sanction should be applied. The Competitions Management Committee may apply any sanction it deems appropriate if it is not satisfied with the Club's explanation.

ii) **For the Community Premier Division**

If a Club postpones a match because of the lack of suitably trained/experienced front row forwards, the Competitions Management Committee may consider the reasons for the postponement. It shall be a matter for the Club which caused the match to be postponed justifying its decision. The Competitions Management Committee may apply any sanction it deems appropriate if it is not satisfied with the Club's explanation.

If during the course of a match a team elects to take uncontested scrums, it must continue the match with 14 men. For the avoidance of doubt this will apply regardless of whether the team consists of 22 or 23 men.

iii) **For all Divisions**

If during the course of a match a team elects to take uncontested scrums, the matter will be made known to the Competitions Management Committee. The Competitions Management Committee may consider why passive scrums were necessary during that match. It shall be a matter for the Club which opted for uncontested scrums to explain to the Competitions Management Committee why it did so. The Competitions Management Committee may apply any sanction it deems appropriate if it is not satisfied with the Club's explanation.

If during the course of a match a team elects to take uncontested scrums, it must continue to have 8 players committed to each scrum. In addition, only the player in the scrum half position may play the ball from the scrum. For the avoidance of doubt the ball may not be played by the player in number 8 position within the scrum.

b. **Declaration of winners.**

Winners of National League matches will be teams which have scored the greater number of points at the end of each match. For the avoidance of doubt and in compliance with the Laws

of the Game (Law 6.A.12), the Referee will be the final arbiter as to the score of each National League match. National League points shall be awarded as follows:

Win	-	4 points
Draw	-	2 points
Defeat	-	0 points
Bonus Points	-	1 point for a team scoring 4 or more tries
		1 point for a team losing by 7 points or less

- c. **National League placings** will be decided on the basis of League points gained during the season. Where teams have gained equal numbers of League points, the team with the most wins shall be given preference. If the number of wins is equal, the team with the fewest losses shall be given preference. If the number of losses is equal then the Club having recorded the most tries in the Season shall be given preference. If the number of tries is equal the points 'for' shall be divided by the points 'against' and the team with the highest factor shall be declared to have the better record.
- d. **Duration of play** – 80 minutes each match (40 minutes each half) plus any time permitted by the Match Official for delays (Laws of the Game – Law 5). At half time, an interval of not more than 10 minutes is allowed.
- e. **Fixture Arrangements.** National League matches must be played on the dates allocated unless otherwise previously agreed by the Competitions Management Committee. These will be decided by the Competitions Management Committee and circulated to Clubs as soon as practicable. The match will take place on the home Club's first pitch or on a suitable alternative.
- f. **Notification of Results.** The appointed Match Official will notify the Union of the result of each match by submitting the match result electronically within 1 hour of the match taking place via the match official app.
- g. **Postponed, rearranged, and abandoned matches**

- i) Postponed or Mutually Rearranged National League matches must be played on the allocated dates unless a match is postponed because of ground or weather conditions, or the Clubs concerned have mutually agreed to the postponement and have received the prior consent of the Union to its rearrangement.

For a mutually agreed fixture the Club Secretary or Club Fixture Secretary of both clubs **MUST** inform the Competitions Manager in writing no later than 48 hours after the fixture so the postponement can be noted by the Union.

Both Clubs must copy each other into the email correspondence to confirm the mutual agreement.

Should the request not be mutually agreed then should the team who did not initially request the postponement, not notify the Union confirming their disagreement within 48 hours of the day of the fixture, the Union will acknowledge the fixture as mutually agreed and no sanction be issued.

Consent to postpone fixtures in other such circumstances will not be given if sought less than 2 months prior to the fixture. (i.e. Weddings/Special Occasions) Where both

Clubs have received the consent of the Union to postpone a fixture, then that fixture must be played, where practicable, within 21 days of the postponement.

If the Clubs cannot agree on an alternative date within 14 days of a postponement due to weather conditions the Union will determine the date of the rearranged fixture which will be the next available Saturday for both Clubs during the season, with this not being subject to appeal by clubs unless a mutual agreement is reached on a rearranged date.

Fixtures that are unable to be rearranged for an available Saturday will automatically be set by the Regulatory & Competitions Manager to take place midweek following Daylight Savings Time which is March 30th, 2025.

If the ground of the home Club is not fit because of weather or ground conditions or is unavailable for any other reason and the away fixture has not yet been played, Clubs should endeavour to switch the venue to the Away Club so that the fixture is played on that date.

Both Clubs must notify the Union's Fixture and Registrations Co-ordinator, in writing, of the new fixture date at soon as it is confirmed and no later than 48 hours before the newly scheduled date. This timeline may be reduced in exceptional circumstances subject to the agreement of both Clubs and the availability of a suitably qualified referee.

Each Club must notify the Fixture & Registrations Co-Ordinator in writing of the postponement or rearrangement of any fixture. If this written notification is not received from the team who did not initially request the postponement within 48 hours of the day of the fixture, the Union will acknowledge the fixture as mutually agreed and no sanction be issued.

Any dispute in respect of such cancellation, postponement or rearrangement shall be referred to the Competitions Management Committee for determination.

When ground or weather conditions demand, and if requested to do so, an opportunity **must** be given to an official representative of the visiting Club, a Union Match Official living locally of similar standing to the appointed Match Official or an Officer of the Union to view the situation in sufficient time to allow matches to be postponed preventing unnecessary travelling. Clubs are recommended to undertake ground inspections no earlier than two hours before the scheduled kick off time except in cases where an earlier inspection is required to prevent an Away Club undertaking a long journey or in cases where the Match Official is travelling from a long distance. **Should the Clubs disagree on the condition of the ground, the match will not be played and the match will be rescheduled.** The Match Official appointed by the Union will report on the matter and that report will be considered by the Competitions Management Committee.

Should the home side have the ability to utilise an artificial surface for a National League fixture then provided it is has a valid certificate issued from World Rugby, the Union expects that fixture to be played on the scheduled date unless a rearrangement is mutually agreed. Should the away side opt to not play, the fixture would be classed as unfulfilled and the respective side would likely face a sanction from the Union's Competitions Management Committee.

Please note the link to check the compliance of each surface within Wales - <https://www.world.rugby/the-game/facilities-equipment/surfaces/compliant-fields>

All matches must be played on the set dates except in the case of postponement because of adverse ground or weather conditions and/or requests from the appointed Broadcasters.

(ii) **Abandoned Matches**

All matches must be played to full time. The Match Official is to be the sole judge of the amount of time played. If a match is abandoned, then both Clubs' Honorary Secretaries or Fixture Secretaries must separately notify the Union of the fact in writing no later than 48 hours following the abandonment. Should there be any disputes, the CMC will have the discretion to confirm the result of the game regardless of score.

Should the difference in score be 30 or more points then the result of the fixture shall stand and be submitted including try count and there will be no requirement for a rearrangement. This is regardless of whether both teams agree or not.

If the difference in score is 29 points or less and if both Clubs agree then the Competitions Management Committee may permit the score, at the time of the abandonment, to stand. However, if both teams are in not in agreement, then the match is to be replayed. The WRU has the discretion to make decisions in relation to the result of each respective tie in the interest of fairness and integrity of the Competition.

Where such an abandoned match is to be replayed, the match will be played at the original venue or at a venue determined by the home Club. Any National League fixture which has been abandoned and is required to be played again must be rearranged by the Clubs and the date of the rearrangement notified to the Union's Fixture and Registrations Co-ordinator no later than 21 days of the original date. If details of the rearrangement are not supplied by the due date, then the Union will determine the date on which the rearranged fixture will be played. Both Clubs must notify the Union's Fixture and Competitions Manager in writing, of the new fixture date no later than four working days prior to the match being played. This timeline may be reduced in exceptional circumstances, subject to the mutual agreement of both Clubs and the availability of a suitably qualified referee.

h. Protests and Disputes

- (i) Save for matters which fall to be determined in accordance with the Union's Disciplinary Regulations, the Competition Management Committee shall be responsible for and have discretion in dealing with any protest or dispute arising out of the National League or these National League Rules. Any such protest or dispute must be made by a Club in writing to the Union's Administration Manager and accompanied by a fee of £100 which may or may not be refunded. No protest or dispute relating to matches played in the Competition will be considered if made more than **48 hours** after the end of the relevant match has taken place. The Competitions Management Committee shall have discretion to investigate any breach of these National League Rules at any time and to take such action as it shall deem appropriate. The Club who the appeal is made against will also be informed

of the decision to do so by the Union once it has been agreed to hear the appeal.

- (ii) Any Club that wishes to appeal a decision of the Competitions Management Committee made pursuant to these National League Rules may do so to an appeal body appointed by the Board of Directors, which may include the appointment of a legally qualified independent Chair, provided that the Club's appeal is lodged in writing, with the Union's Competitions Manager no later than 48 hours of the Competitions Management Committee's decision being notified to it, accompanied by a fee of £100 which may or may not be returned. If the decision is given orally, the period of 48 hours shall run from the date of the oral decision but otherwise shall run from the date of receipt of the decision in writing by the Honorary Secretary of the Club. Please note that there is no obligation of the WRU or Competitions Management Committee to appoint a legally qualified independent Chair.
- (iii) In carrying out their functions pursuant to these National League Rules, the Competitions Management Committee and any appeal body appointed by the Board of Directors of the Union pursuant to Rule 8i(ii) shall have the power to regulate their own procedure in respect of the matters which fall to be considered by them.
- (iv) It should be borne in mind that the bodies dealing with any protest or dispute, to include an appeal body appointed by the Board of Directors, are not courts of law and are disciplinary, rather than arbitral, bodies. A member of the Competitions Management Committee will be entitled to attend any appeal to provide the rationale for the original decision taken. The representative of the Competitions Management Committee will not be a voting member at the appeal.

Please be aware of the WRU Disciplinary Regulations to remind players, coaches and spectators of their conduct and behaviour for all matches. Please be aware that should the Disciplinary Regulations not be adhered to then Club's may be subject to sanctions such as points deductions.

(I) Penalties

- (i) The Competitions Management Committee may apply any appropriate sanction it deems fit to any Club without limitation, found to be in default, or failing to comply with these National League Rules.
- (ii) Where any Club has been found to have included an ineligible player (that is, a player who is not registered with a Club or granted a permit or a player whose name does not appear on the team sheet submitted by the Club in a National League match), the Competitions Management Committee shall have the power to penalise the offending Club further by the loss of additional League points and scores it may have accrued during the match and expunge the result from the League table.

Added to this, the Competitions Management Committee have the right to suspend the player for a period of two weeks in line with Competition Regulations and WRU Disciplinary Regulations respectively.

Before action is taken under Rules i(i) or (ii), the Club and player will be offered the benefits of the Memorandum and Articles of Association of the Union.

- (iii) An official representative of both home and visiting teams will submit an electronic team sheet prior to the kick-off. Only those players named on this list will be eligible to play in the match. An official representative of each Club has the right to examine

their opponent's team list before and immediately after the match. A Club wishing to make an objection will bring it to the notice of the Match Official who will record the same. The Club raising the objection will bring it to the notice of the Union's Competitions Manager no later than 48 hours after the end of the relevant match taking place, accompanied by a fee of £100 which may, or may not be returned.

j. **Match Officials**

Match Officials shall be appointed by the Union for all National League matches.

k. **Kick Off**

The kick-off time for National League matches shall be in accordance with the Union's Resolution 15, however, it is recommended that it is standardised at 2.30pm for Saturday matches in all Divisions. Clubs may agree a different kick-off time to that specified by the Union and shall request the Union's prior approval of the same which will usually be no later than 48 hours prior to the date of the relevant match. Where League fixtures are scheduled to be played on the day of an international rugby union match in which the Senior Men's Welsh National Team is participating, Clubs may agree a different kick-off time to that specified by the Union and shall request the Union's prior approval of the same which will usually be no later than seven days prior to the date of the relevant match.

For Community Premier Division matches, should matches be selected for broadcast then the kick off times and days on which the matches shall be played will be determined by the Union and shall be notified to Community Premier Division Clubs by the Union at the earliest possible opportunity.

Matches selected for broadcast are also expected to be played on the date and time determined by the Union and respective broadcaster. Should a team fail to fulfil its obligation in playing these matches on the requested date then they may be subject to harsher punishments and sanctions by the Competitions Management Committee which may include points deductions and or fines.

In circumstances where, as a result of an agreement between the Union and any third-party media organisation, that organisation wishes to broadcast a National League fixture (the relevant fixture) then the Clubs involved in the relevant fixture must ensure that the relevant fixture is played on the designated date and time as notified to the Clubs by the Union unless there are exceptional circumstances for failing to do so.

In the event that a relevant fixture does not take place on the date and at the time allocated to it by the Union then the Club responsible for the default may be subject to such fines and other punishments as the Competitions Management Committee consider just and equitable having regard to all the circumstances of the case.

Such discretion shall include, but is not limited to, relegating the Club concerned to the lowest Division and promoting such other Club(s) as it deems appropriate in the circumstances.

The fact that a National League Fixture is a relevant fixture shall be deemed to be an aggravating factor

A Club which fails to complete a relevant fixture and is sanctioned by the Competitions Management Committee shall have the right to appeal the decision of the Competitions Management Committee to an appeal body appointed by the Board of Directors in accordance with Rule 8i (ii) below.

I. Financial Distribution

No prize money shall be awarded to Divisional winners in any Division.

m. Competitions Management Committee of the WRU

The Competitions Management Committee has the absolute discretion to adapt any area contained within these regulations to ensure the integrity of the competition is maintained and the competition is concluded in a clear, fair, and equitable manner.

The Competitions Management Committee has the absolute discretion to suspend any sanction contained within these League rules should they deem it necessary and appropriate.
